YOUR GUIDE TO

Smart Giving

This guide is designed to help you make the most of your giving, to any cause you care about. Each giving type brings unique tax benefits, allowing you to donate in a way that also maximizes your financial strategy.

Please hold on to this document to reference for future giving

Donor-Advised Funds

A Donor-Advised Fund (DAF) is like your own charitable savings account. You contribute to the fund as frequently as you like and then recommend grants to nonprofits like ours, all while potentially earning immediate tax benefits.

To give from your DAF:

Go to www.SmartGivingforDravet.org and select the Donor-advised Fund (DAF) tab

Qualified Charitable Distributions

A Qualified Charitable Distribution (QCD) is a direct transfer of funds from your IRA to a nonprofit, counted towards your required minimum distributions for the year, without treating the distribution as taxable income.

To make a QCD:

Go to www.SmartGivingforDravet.org and select the Individual Retirement Account (IRA) tab

Stock Gifts

Donating appreciated stocks can provide substantial support to our cause and potentially help you avoid capital gains taxes and claim a tax deduction based on the full market value of your stocks.

To donate stocks:

Go to www.SmartGivingforDravet.org and select the Stocks tab

Cryptocurrency Gifts

Cryptocurrency donations are a new, tax-efficient way to give. By donating cryptocurrency, you potentially avoid capital gains tax on the appreciation and can deduct the fair market value of the asset on your tax return.

To donate cryptocurrency:

Go to www.SmartGivingforDravet.org and select the Cryptocurrency tab
